ASSIGNMENT: The assignments in the course texts are to be done before the class meeting specified. Reference to the textbook Начало, Book One, Second edition, by Lubensky, Ervin, McLellan, Jarvis (McGraw-Hill) are designated by the letter "T". References to the Workbook and Laboratory Manual to Accompany Начало, Book One use the designation "L".

Note on electronic audio-visual resources: Your textbook comes tight-wrapped with the Listening Comprehension Audio CD Program to Accompany Начало, Book One. This CD contains all the dialogues that appear at the beginning of each section (or, in Russian *chast*) of each lesson (there are four sections in each lesson). In the assignments below you will be assigned to listen before class to the appropriate "track" containing the dialogue for a given class day.

In addition you can pick up in the Language Resource Center (311 AH) audio tape containing the lab exercises ("работа в лаборатории") found in each section in the Workbook and Lab Manual as the exercises AA, BB, etc. or a CD.
